DETAILED ACTION

- 1 This action is responsive to the amendment filed on September 25, 2007.
- 2 Claims 13-33 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

- 3 The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or disclose a composition comprising at least one cosmetically active compound that comprises at least one organic cosmetic effector molecule covalently linked or bonded to at least one peptide linker in combination with at least one cosmetic auxiliary ingredient of the selected groups as claimed. Further, submit with this response a certified translation of the priority document (German Patent application No. 102 27 238.7, filed on June 19, 2002) which antedates the prior art of Massato Yoshioka et al. (JP 2003-104847) and it is not available as prior art. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of human cosmetic formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
